In addition to the above, time blocks of approximately two hours each were allocated to equipment display, working seminars and summary comments.

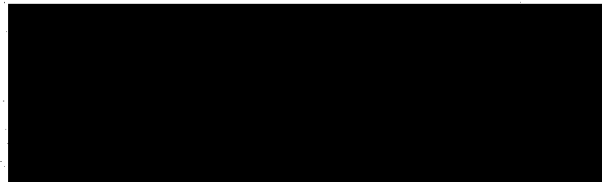

2. A further meeting will have to be held on the equipment display situation. We need to establish some criteria of what is to be displayed, how it is to be presented, etc. On the subject of the working seminars, a group on audio, including [redacted] and [redacted] one on clandestine document copy, including [redacted] and [redacted] one on [redacted] including [redacted] or [redacted] were generally agreed upon. Additional possibilities for seminars would include agent communications and small station security.
